

# Part-time CS Lab Assistant Jobs

## Department of Computer Science

The Department is looking for a few responsible students to serve as Lab Assistants for every semester. The minimum qualifications are listed as follows:

- CS major;
- Junior or senior standing;
- Have completed at least CS 2300, CS 2400, and CS 2600 with grades of B or better.

The duties of a Lab Assistant may include but are not limited to the following:

- Provide assistance to CS 2010, CS 2100, CS 2120, CS 2150, CS 2300, and CS 2400 students on lab related problems.
- Record detailed activities including visits from students and types of help sought by students.
- Generate statistics and file monthly summary report to Department.
- Operate CS labs and perform simple lab maintenance and administration.
- Carry out other assignments from the faculty supervisor(s).

Compensation:

- \$8.00/Hour
- Flexible hours, Monday through Friday
