

UPS CIT Lecture Series and Barbeque

Thursday, April 6, 2017
5:30 - 8:30 p.m.

You are invited to the UPS Computer Information Technology Lecture Series and Barbeque with the opportunity to discuss co-op and internship experiences with UPS representatives

Thursday, April 6 2017
5:30 – 8:30 p.m.
University Commons, Room 211

Computers, Society, and the Law

Keynote Speaker: Dr. Steven M. Bellovin, Professor of Computer Science, Columbia University

Do computer scientists have affirmative duties to educate policymakers and ultimately influence the consequences of policy choices? Sponsored by UPS, William Paterson University will host this thought provoking discussion about the impact of the computer science industry on society and law in this engaging lecture lead by **Dr. Steven M. Bellovin** of Columbia University.

A member of the Cybersecurity and Privacy Center of Columbia's Data Science Institute, **Dr. Bellovin** is the author of *Thinking Security*, holds a number of patents on cryptographic and network protocols, and has served on more than three National Research Council study committees.

Andrew Dotterweich and Opportunities at UPS

A very special opportunity is available to William Paterson students and alumni to speak with an HR representative about co-op and internship positions available at the world's largest package delivery company. Having more than 30 years of experience in the industry, **Andrew Dotterweich**, VP of Information Technology at UPS, will also share career advice and the steps that lead him to his current position.

Please RSVP by April 3rd by emailing Davonna at approvatod@wpunj.edu or call at 973.720.2478
