A few things visiting students need to know:

1. Tutoring services is provided on a first-come-first-served basis.
2. Only one tutor is on duty during any scheduled time slot. It is possible that the tutor is busy with other student(s) when you come for help. Try to book a time slot with the tutor and come back later.
3. You may reserve a 30-minutes time slot by emailing the tutor at least one-day ahead of your visit. You may continue discussing with your tutor after your booked time expires if no one is waiting.
4. You must show up on time for your appointment, or you may forfeit your booked time slot if the tutor has engaged other student(s).
5. You are encouraged to organize a small group of two or more of your classmates to visit a tutor. A group of two would lengthen your visit time to 40 minutes, a group of 3, 50 minutes, and so on.
6. Please come prepared, i.e., always have your questions ready. Preferably, email your questions to the tutor at the time you make the appointment.
7. Visit Calvin if you questions related to upper-level CIT courses. Calvin is the only tutor majoring in CIT.
8. If you have any suggestions or comments about the CS-CIT Tutoring Service, please send them by email to Dr. Hu at hue@wpunj.edu.
