

William Paterson University  
Department of Computer Science

**COMPUTER SCIENCE SEMINAR**

**Leveraging Key Opportunities to  
Choose a Direction in an IT Career**

**October 23, 2013 (Wednesday), 12:30 – 1:45 PM**

**Science Hall East 5035**

---

**Speaker:**

Mark Breznak, COO, Third Wave Business Systems LLC

**Abstract:**

A William Paterson Alumnus in Computer Science, class of 1989, Mark Breznak has an extensive history in software development where he held positions of Vice President of Application Development, Project Manager, Database Administrator, and Developer. He is going to speak about the direction his career took, describing key decision points taking advantage of opportunities.

**Biography:**

Mr. Breznak cofounded two start-up firms, Global Technologies, a systems integration firm, and Xtend-Tech, a performance focused professional services company. He has been a featured speaker at various Microsoft events including the launch of the .Net platform and the launch of Windows 2003 operating system and .net.
